## 1 Why do I do what I do?

- What do I do exactly?
- Why what I do was not done before?

## 2 How do I do what I do?

- I have no idea
- What my advisor thinks of this

## 3 Results

Why do I do what I do?  
*What do I do exactly?*

Usually you don't know the answer either, but it is to be answered.

Why do I do what I do?

*Why what I do was not done before?*

Naturally, because it's too boring to be done.

How do I do what I do?  
*I have no idea*

You don't even know what are the fundamental origins of your research. So pass this slide faster.

How do I do what I do?  
*What my advisor thinks of this*

Your advisor's here, so relax and try to refer to him.

Well, more research should be done to obtain further results.
